

Indus State University — CampusAI 20-Category Detailed Knowledge Base

Contains 345 detailed records across 20 student-support categories. This is fictional demo data for a RAG chatbot.

Admissions

Intent: admission_process

Question: How do I apply for admission?

Answer: Students should complete the university admission application through the designated admission process. The process normally includes creating an application, entering personal and academic information, uploading required documents, reviewing the application, submitting it, completing document verification, and paying applicable admission charges. Admission is subject to applicable eligibility requirements, document verification, and seat availability.

Steps:

1. Complete the admission application.
2. Enter personal and academic information.
3. Upload required documents.
4. Review and submit the application.
5. Complete document verification.
6. Pay applicable admission charges.
7. Follow instructions for final registration.

Required documents: Academic marksheets, Identity proof, Recent photographs, Other documents requested by the Admission Office

Fees: INR 5,000 one-time admission registration fee

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_documents

Question: What documents are required for admission?

Answer: Applicants should provide the academic and identity documents requested during the admission process. The exact document list may depend on the program and the university's verification requirements.

Steps:

1. Prepare academic records.
2. Prepare identity proof and photographs.
3. Upload or submit the requested documents.
4. Keep original documents available for verification.

Required documents: Academic marksheets, Identity proof, Recent photographs, Program-specific documents if requested

Fees: Applicable admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_verification

Question: What happens after I submit my admission application?

Answer: After submission, the university reviews the application and verifies the submitted information and documents. The applicant may need to respond to a verification request before final registration.

Steps:

1. Submit the application.
2. Wait for document/application verification.
3. Provide clarification or additional documents if requested.
4. Complete payment and final registration instructions when approved.

Required documents: Submitted application details, Original/supporting documents if requested

Fees: Depends on applicable admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_eligibility

Question: What is admission eligibility?

Answer: Admission eligibility depends on the program requirements and applicable university rules. Students should use the approved admission information for the specific program rather than assuming eligibility from another program.

Steps:

1. Identify the program.
2. Review its eligibility requirements.
3. Prepare academic documents supporting eligibility.
4. Complete the application and verification process.

Required documents: Academic records, Identity proof, Other program-specific evidence if requested

Fees: Not specified in the approved demo knowledge base

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Transfer & Migration

Intent: transfer_process

Question: How do I apply for transfer admission?

Answer: Transfer applicants should complete the transfer application, submit previous academic records and required transfer documents, pay applicable charges, complete verification, and undergo academic credit evaluation. Admission is also subject to seat availability and applicable eligibility rules.

Steps:

1. Complete the transfer application.
2. Submit previous academic records.
3. Submit transfer documents.
4. Pay applicable charges.
5. Complete document verification.
6. Allow the relevant department to evaluate course equivalence.
7. Wait for the admission decision.

Required documents: Previous marksheets, Transfer Certificate, Migration Certificate where applicable, Identity proof, Photographs

Fees: Applicable transfer/admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: credit_transfer

Question: Will my previous credits be accepted?

Answer: Previous credits are not automatically accepted. The relevant academic department evaluates course equivalence and determines whether previous coursework can be recognized.

Steps:

1. Submit previous transcripts/marksheets.
2. Provide course information where requested.
3. Allow the department to compare course equivalence.
4. Receive the university's credit-evaluation decision.

Required documents: Previous marksheets/transcripts, Previous course information if requested

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office and relevant academic department

Intent: migration_certificate

Question: When is a Migration Certificate required?

Answer: A Migration Certificate may be required for transfer or migration situations where applicable. Students should follow the document requirements communicated during the transfer process.

Steps:

1. Check the transfer document checklist.
2. Obtain the certificate from the previous institution when applicable.
3. Submit it during university verification.

Required documents: Migration Certificate where applicable

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: transfer_documents

Question: What documents do I need for transfer admission?

Answer: Transfer applicants should prepare previous academic records and the transfer documents requested by the university.

Steps:

1. Collect previous marksheets.
2. Obtain the Transfer Certificate.
3. Obtain Migration Certificate where applicable.
4. Prepare identity proof and photographs.
5. Submit documents for verification.

Required documents: Previous marksheets, Transfer Certificate, Migration Certificate where applicable, Identity proof, Photographs

Fees: Applicable charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Fees

Intent: fee_structure

Question: What is the B.Tech fee structure?

Answer: The fictional demo fee structure lists tuition of INR 95,000 per year, a one-time admission registration fee of INR 5,000, an examination fee of INR 2,500 per semester, a student activity fee of INR 1,500 per year, a library/digital resources fee of INR 1,000 per year, and an applicable laboratory fee of INR 2,000 per year where applicable.

Steps:

1. Review the applicable program charges.
2. Separate recurring annual charges from one-time charges.
3. Pay fees through the designated university payment process.
4. Keep payment acknowledgement.

Required documents: Student/application details, Payment acknowledgement

Fees: Tuition INR 95,000/year; admission registration INR 5,000 one time; exam INR 2,500/semester; activity INR 1,500/year; library/digital resources INR 1,000/year; lab INR 2,000/year where applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Accounts Office

Intent: tuition_fee

Question: How much is B.Tech tuition?

Answer: The fictional B.Tech tuition fee in this demo knowledge base is INR 95,000 per year.

Steps:

1. Confirm the applicable program.
2. Review the annual tuition amount.
3. Use the designated payment process.

Required documents: Student fee details

Fees: INR 95,000 per year

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Accounts Office

Intent: exam_fee

Question: How much is the examination fee?

Answer: The examination fee listed in the demo knowledge base is INR 2,500 per semester.

Steps:

1. Check the examination notification.
2. Pay the examination fee through the designated process.
3. Keep the payment acknowledgement.

Required documents: Examination registration information

Fees: INR 2,500 per semester

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Accounts Office / Examination Office

Intent: fee_issue

Question: What should I do if I have a fee payment problem?

Answer: For fee-related payment or account issues, students should contact the Accounts Office and provide the relevant payment or student details.

Steps:

1. Record the transaction/reference details.
2. Check whether the payment was successful.
3. Contact the Accounts Office if the account has not updated.
4. Provide proof of payment if requested.

Required documents: Student ID, Payment/reference details, Payment receipt if available

Fees: Depends on the transaction

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Accounts Office

Scholarships

Intent: scholarship_application

Question: How do I apply for a scholarship?

Answer: Students can apply for scholarships through the designated university scholarship portal or the Student Welfare Office. The application normally requires academic and personal information plus supporting documents.

Steps:

1. Review the applicable scholarship.

2. Complete the scholarship application.
3. Enter academic and personal information.
4. Upload required documents.
5. Review the application.
6. Submit it for verification.
7. Keep the acknowledgement details.

Required documents: Academic marksheets, Identity proof, Bank account details, Income/financial documents for need-based aid

Fees: Scholarship awards depend on eligibility, available funds, and university approval.

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Welfare Office

Intent: scholarship_documents

Question: What documents are needed for a scholarship?

Answer: Documents may include academic marksheets, identity proof, bank details, and income or financial documents for need-based aid. The exact list depends on the applicable scholarship.

Steps:

1. Check the scholarship requirements.
2. Collect academic records.
3. Prepare identity and bank information.
4. Prepare financial documents when required.
5. Upload or submit documents.

Required documents: Academic marksheets, Identity proof, Bank details, Income/financial documents for need-based aid

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Welfare Office

Intent: scholarship_approval

Question: Is a scholarship guaranteed after applying?

Answer: No. Submitting an application does not guarantee an award. Scholarship decisions depend on eligibility, available funds, and university approval.

Steps:

1. Submit a complete application.
2. Ensure eligibility requirements are met.
3. Provide requested documents.
4. Wait for verification and approval.

Required documents: Required scholarship documents

Fees: Depends on scholarship

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Welfare Office

Intent: financial_aid

Question: How can I get financial aid?

Answer: Students should review available scholarship or financial-aid options and submit the appropriate application through the designated portal or Student Welfare Office.

Steps:

1. Identify the applicable aid category.

2. Review eligibility.
3. Prepare documents.
4. Submit the application.
5. Wait for verification and approval.

Required documents: Academic records, Identity proof, Financial documents where required, Bank details

Fees: Depends on the aid category

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Welfare Office

Examinations

Intent: exam_registration

Question: How do I register for semester examinations?

Answer: Students should complete examination registration through the process announced by the Examination Office. Registration may require confirming courses, meeting eligibility requirements, and paying the examination fee.

Steps:

1. Check the examination notification.
2. Complete exam registration.
3. Confirm course/exam information.
4. Pay the examination fee where applicable.
5. Submit registration and keep acknowledgement.

Required documents: Student details, Course/exam information, Payment acknowledgement where applicable

Fees: INR 2,500 per semester

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_eligibility

Question: What is required to appear in regular end-semester exams?

Answer: Students generally need at least 75% attendance in each course for regular end-semester examination eligibility, subject to approved university provisions. Other examination requirements must also be satisfied.

Steps:

1. Check attendance for each course.
2. Complete examination registration.
3. Pay applicable examination fees.
4. Resolve any eligibility issue through the relevant office.

Required documents: Student ID, Examination registration details

Fees: INR 2,500 per semester

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_schedule

Question: When are semester examinations?

Answer: The demo academic calendar places odd-semester examinations from December 5–20 and even-semester examinations from May 5–20.

Steps:

1. Check the applicable semester.
2. Review the official examination notice for the detailed schedule.

3. Complete registration before the stated deadline.

Required documents: Student academic information

Fees: Odd semester: December 5–20; Even semester: May 5–20

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_rules

Question: Where can I find examination rules?

Answer: Students should consult the approved examination rules and notices issued by the Examination Office. Requirements such as attendance and registration must be satisfied before the examination.

Steps:

1. Review examination rules.
2. Check eligibility.
3. Complete registration.
4. Follow examination instructions.

Required documents: Student/examination information

Fees: As specified in applicable examination rules

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Results

Intent: check_result

Question: How do I check my semester result?

Answer: Students should use the university's designated result or student-service channel and follow the instructions issued by the Examination Office.

Steps:

1. Open the designated result/student portal.
2. Use the required student credentials.
3. Select the relevant semester/result.
4. Save or print the result if needed.

Required documents: Student credentials, Student ID or other required details

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: result_issue

Question: What should I do if there is a problem with my result?

Answer: If a result appears incorrect or incomplete, students should review the result information and contact the Examination Office with the relevant course and result details.

Steps:

1. Verify the displayed result.
2. Record the affected course or semester.
3. Collect supporting records if available.
4. Submit the issue to the Examination Office.

Required documents: Student ID, Result details, Supporting academic records if available

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: revaluation

Question: How can I ask about result review or revaluation?

Answer: Students should check the Examination Office's applicable result-review or revaluation process when such a process is announced. The approved notice determines eligibility, deadlines, and any applicable fee.

Steps:

1. Check the relevant examination notice.
2. Confirm whether revaluation/review is available.
3. Submit the required request within the announced period.
4. Pay any applicable fee if specified.

Required documents: Result details, Student ID, Documents required by the examination notice

Fees: Only if specified in the applicable notice

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Attendance

Intent: minimum_attendance

Question: What is the minimum attendance required?

Answer: Students generally need 75% attendance in each course for regular end-semester examination eligibility, subject to approved university provisions.

Steps:

1. Monitor attendance for every course.
2. Review attendance records regularly.
3. Contact the relevant academic office if an attendance record appears incorrect.
4. Resolve shortages according to applicable university provisions.

Required documents: Student ID, Course attendance record

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department / Examination Office

Intent: attendance_shortage

Question: What happens if my attendance is below 75%?

Answer: Attendance below the stated requirement can affect eligibility for the regular end-semester examination. Students should check applicable approved provisions and contact the relevant academic or examination office.

Steps:

1. Check the exact attendance percentage.
2. Confirm whether an approved provision applies.
3. Discuss the issue with the relevant department.
4. Confirm examination eligibility with the Examination Office if necessary.

Required documents: Attendance record, Supporting documents if applicable

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Academic department / Examination Office

Intent: attendance_correction

Question: How do I report an incorrect attendance record?

Answer: Students should first contact the relevant course or academic department and provide evidence supporting the requested correction.

Steps:

1. Identify the affected course/date.
2. Collect supporting evidence.
3. Contact the relevant academic authority.
4. Follow the correction process provided.

Required documents: Student ID, Course details, Supporting attendance evidence

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Academic Calendar

Intent: odd_semester

Question: What are the odd-semester dates?

Answer: The demo calendar lists odd-semester registration from August 1–10, classes from August 12–November 30, and examinations from December 5–20.

Steps:

1. Complete registration during the registration window.
2. Attend classes during the semester.
3. Complete examination registration and examinations during the announced examination period.

Required documents: Student academic information

Fees: Registration Aug 1–10; classes Aug 12–Nov 30; exams Dec 5–20

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Academic administration / Examination Office

Intent: even_semester

Question: What are the even-semester dates?

Answer: The demo calendar lists even-semester registration from January 5–12, classes from January 15–April 30, and examinations from May 5–20.

Steps:

1. Complete registration during the registration window.
2. Attend classes during the semester.
3. Complete examination requirements before the examination window.

Required documents: Student academic information

Fees: Registration Jan 5–12; classes Jan 15–Apr 30; exams May 5–20

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Academic administration / Examination Office

Intent: academic_calendar

Question: Where can I find the academic calendar?

Answer: Students should use the university's approved academic calendar and official notices for semester dates, registration periods, classes, examinations, and other academic deadlines.

Steps:

1. Open the approved academic calendar.
2. Identify your semester/program.
3. Check registration, class, and examination dates.
4. Follow later official notices if dates are updated.

Required documents: Student program/semester information

Fees: See the applicable academic calendar

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Academic administration

Courses & Curriculum

Intent: btech_duration

Question: How long is B.Tech?

Answer: The standard B.Tech program duration in this fictional university knowledge base is four years, organized into eight semesters.

Steps:

1. Complete the required curriculum.
2. Satisfy academic and examination requirements.
3. Complete all required semesters and credits.

Required documents: Student academic record

Fees: 4 years / 8 semesters

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Intent: cs_curriculum

Question: What are the core Computer Science subjects?

Answer: The listed B.Tech Computer Science core areas include Programming and Data Structures, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Web Development, Artificial Intelligence and Machine Learning, and Cyber Security.

Steps:

1. Review the approved curriculum.
2. Identify core and elective components.
3. Follow semester-specific course requirements.
4. Complete required credits.

Required documents: Degree catalog/curriculum

Fees: Program-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Computer Science and Engineering Department

Intent: course_registration

Question: How do I register for courses?

Answer: Students should follow the university's course-registration process during the applicable registration window and select courses according to their approved curriculum and academic requirements.

Steps:

1. Check the academic calendar.
2. Review the curriculum and eligible courses.
3. Complete course registration.
4. Confirm the registered course list.

Required documents: Student credentials, Approved curriculum information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Intent: electives

Question: How do electives work?

Answer: Elective availability and selection should follow the approved program curriculum. Students should choose only courses permitted by their program and registration rules.

Steps:

1. Review available electives.
2. Check eligibility/prerequisites if applicable.
3. Select an allowed elective during registration.
4. Confirm registration.

Required documents: Curriculum, Course information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Departments

Intent: department_list

Question: What departments does the university have?

Answer: The listed departments are Computer Science and Engineering, Information Technology, Electronics and Communication Engineering, Mechanical Engineering, Business Administration, and Applied Sciences.

Steps:

1. Identify your program.
2. Locate the relevant department.
3. Use the department for academic questions related to your program.

Required documents: Student program information

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Intent: cse_department

Question: What does the Computer Science department cover?

Answer: The Computer Science and Engineering department covers core areas such as programming and data structures, databases, operating systems, networks, software engineering, web development, AI/ML, and cyber security.

Steps:

1. Review the approved CSE curriculum.
2. Identify semester-specific courses.
3. Contact the department for program-specific academic guidance.

Required documents: Degree catalog/curriculum

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Computer Science and Engineering Department

Intent: department_help

Question: Who should I contact for a course-specific question?

Answer: Course-specific academic questions should normally be directed to the relevant academic department.

Steps:

1. Identify the course and program.
2. Contact the relevant department.
3. Provide your student and course details when requesting help.

Required documents: Student ID, Course/program information

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Hostel

Intent: hostel_application

Question: How do I apply for hostel accommodation?

Answer: Students should apply through Hostel Administration using the designated housing process. Applications are subject to the university's accommodation rules and availability.

Steps:

1. Check hostel availability.
2. Complete the hostel application.
3. Submit requested student information and documents.
4. Complete verification if required.
5. Follow room-allocation instructions.

Required documents: Student information, Identity proof, Documents requested by Hostel Administration

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Hostel Administration

Intent: hostel_rules

Question: What are the hostel rules?

Answer: Students living in university housing must follow Hostel Administration rules, including quiet hours and other residence requirements communicated by the university.

Steps:

1. Read the hostel handbook/rules.
2. Follow quiet hours.
3. Maintain appropriate conduct.
4. Follow accommodation and safety instructions.
5. Report housing issues through Hostel Administration.

Required documents: Student ID, Hostel allocation information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Hostel Administration

Intent: quiet_hours

Question: What are hostel quiet hours?

Answer: Hostel quiet hours are 10 PM–6 AM.

Steps:

1. Plan activities around quiet hours.
2. Keep noise controlled during the quiet period.
3. Follow additional residence rules.

Required documents: Hostel rules

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Hostel Administration

Intent: hostel_complaint

Question: How do I report a hostel problem?

Answer: Students should report accommodation problems to Hostel Administration through the designated housing-support process.

Steps:

1. Describe the problem.
2. Provide room/student details.
3. Submit the issue to Hostel Administration.
4. Follow up using the provided request process.

Required documents: Student ID, Hostel/room information, Evidence such as photos if requested

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Hostel Administration

Library

Intent: library_services

Question: What services does the library provide?

Answer: The university library provides books, reference books, journals, digital resources, and study spaces.

Steps:

1. Use a valid student ID.
2. Search for required resources.
3. Borrow or use resources according to library rules.
4. Use digital resources where available.

Required documents: Valid student ID

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Library Administration

Intent: borrow_books

Question: How can I borrow library books?

Answer: Students should use their valid student ID and follow the library's borrowing process and circulation rules.

Steps:

1. Find the required book.
2. Present the valid student ID.
3. Complete checkout through the library process.
4. Return the book according to the applicable due date.

Required documents: Valid student ID

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Library Administration

Intent: late_books

Question: What happens if I return a library book late?

Answer: Late books are handled according to the library's applicable rules. Students should check the library policy for the consequences of late returns.

Steps:

1. Return the book as soon as possible.
2. Check the applicable library rule.
3. Resolve any outstanding library requirement.

Required documents: Library book/account information

Fees: As specified by library rules

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Library Administration

Intent: digital_resources

Question: Does the library provide digital resources?

Answer: Yes. The library provides digital resources as part of its listed services.

Steps:

1. Use the university's designated library/digital-resource access method.
2. Authenticate with student credentials if required.
3. Follow applicable usage rules.

Required documents: Student credentials

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Library Administration

Placements

Intent: placement_process

Question: How does the placement process work?

Answer: The placement process may include student registration, employer screening, aptitude or technical assessments, interviews, and offer processing. Exact eligibility and selection criteria can vary by employer.

Steps:

1. Register with the Career and Placement Cell.
2. Review employer eligibility criteria.
3. Participate in screening or assessments.
4. Attend interviews when shortlisted.
5. Complete offer-related procedures if selected.

Required documents: Student academic information, Resume and documents requested by employer

Fees: Employer-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell

Intent: placement_registration

Question: How do I register for placements?

Answer: Students should complete placement registration through the Career and Placement Cell's designated process and provide the requested academic and personal information.

Steps:

1. Check placement notifications.
2. Complete registration.
3. Provide required academic/resume information.
4. Review employer-specific eligibility.
5. Participate in recruitment activities.

Required documents: Student ID, Academic details, Resume if requested

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell

Intent: placement_eligibility

Question: What determines placement eligibility?

Answer: Placement eligibility can vary by employer. Students should check the criteria announced for each recruitment opportunity.

Steps:

1. Review the employer's eligibility criteria.
2. Check academic requirements.
3. Confirm any additional requirements.
4. Register if eligible.

Required documents: Academic record, Resume, Other employer-requested documents

Fees: Employer-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell

Internships

Intent: internship_support

Question: Does the university provide internship support?

Answer: Career and Placement services may provide internship-related opportunities and guidance. Specific opportunities depend on participating employers and current university activities.

Steps:

1. Check internship notifications.
2. Review eligibility.
3. Register through the designated process if applicable.
4. Complete employer selection requirements.
5. Follow university documentation requirements.

Required documents: Student ID, Academic details, Resume and documents if requested

Fees: Employer-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell

Intent: internship_process

Question: What is the internship process?

Answer: An internship process may include finding an opportunity, checking eligibility, registering when required, completing employer selection, obtaining any necessary university approval, and submitting required internship documentation.

Steps:

1. Identify an internship opportunity.
2. Check eligibility.
3. Complete employer application/selection.
4. Obtain university approval where required.
5. Complete the internship.
6. Submit required documentation.

Required documents: Student details, Offer/internship letter, University forms if required

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell / Relevant academic department

Intent: internship_documents

Question: What documents may be needed for an internship?

Answer: Depending on the internship process, students may need student identification, academic information, a resume, an offer or internship letter, and university forms where required.

Steps:

1. Prepare student identification.
2. Prepare academic details.
3. Prepare resume.
4. Keep the employer offer/internship letter.
5. Submit university forms if requested.

Required documents: Student ID, Academic record, Resume, Offer/internship letter

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Career and Placement Cell

IT Support

Intent: portal_problem

Question: What should I do if the student portal is not working?

Answer: Students should first verify their login details and then contact IT Support if the problem continues. Providing the portal name and error information helps IT Support diagnose the issue.

Steps:

1. Check username/password entry.
2. Retry the portal after checking the connection.
3. Record any error message.
4. Contact IT Support with the details.
5. Follow troubleshooting instructions.

Required documents: Student ID/account details, Portal name, Error message/screenshot if available

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: IT Support

Intent: password_issue

Question: I forgot my university password. What should I do?

Answer: Students should use the university's approved password-recovery process or contact IT Support if recovery is unavailable.

Steps:

1. Use the designated password-recovery option.
2. Verify your student/account identity.
3. Set a new password according to university requirements.
4. Contact IT Support if recovery fails.

Required documents: Student account information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: IT Support

Intent: it_support

Question: Who handles university IT problems?

Answer: IT Support handles university IT and digital-service issues, including problems with supported student systems.

Steps:

1. Describe the technical problem.
2. Provide your student/account details as requested.
3. Include the system name and error information.
4. Follow the support team's instructions.

Required documents: Student ID/account information, Error details

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: IT Support

Student Services

Intent: bonafide

Question: How do I get a bonafide certificate?

Answer: Students should request a bonafide certificate through the university's designated student-services process.

Steps:

1. Identify the required certificate.
2. Use the designated student-service process.
3. Provide the requested student information.
4. Submit any required supporting documents.
5. Collect/download the certificate according to the process.

Required documents: Student ID, Information required by student services

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Services

Intent: transcript

Question: How can I request a transcript?

Answer: Students should submit a transcript request through the designated university student-services process and follow any document or payment requirements communicated by the university.

Steps:

1. Submit a transcript request.
2. Provide student/academic details.
3. Submit supporting documents if requested.
4. Pay an applicable fee if the university specifies one.
5. Collect the transcript according to the stated process.

Required documents: Student ID, Academic details, Supporting documents if requested

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Services

Intent: student_id

Question: How can I get my student ID?

Answer: Students should follow the university's designated student-ID issuance process and provide the required student information.

Steps:

1. Complete the ID issuance process.
2. Provide required identification/student information.
3. Follow instructions for collection or activation.

Required documents: Identity proof, Student information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Services / IT Support where applicable

Grievances

Intent: grievance_process

Question: How do I submit a student grievance?

Answer: Students can submit grievances through the Student Grievance Cell or the university's designated grievance process. The complaint should clearly describe the issue and include relevant supporting information.

Steps:

1. Write a clear description of the issue.
2. Include dates, course/office information, and relevant facts.
3. Attach supporting documents if available.
4. Submit through the designated grievance process.
5. Keep the acknowledgement/reference number.

Required documents: Student ID, Complaint details, Supporting documents if available

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Grievance Cell

Intent: academic_grievance

Question: How do I complain about an academic issue?

Answer: Academic complaints should be raised through the appropriate academic department or the Student Grievance Cell when a formal grievance is required.

Steps:

1. First identify the academic issue.

2. Contact the relevant department when appropriate.
3. Provide supporting academic records.
4. Escalate through the Student Grievance Cell if the issue requires formal grievance handling.

Required documents: Student ID, Course/academic details, Supporting records

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department / Student Grievance Cell

Intent: grievance_information

Question: What should I include in a grievance?

Answer: A useful grievance should state the issue clearly, identify the relevant course, office, or service when applicable, describe what happened, and attach supporting evidence when available.

Steps:

1. State the issue clearly.
2. Give relevant dates and details.
3. Identify the involved service/course/office.
4. Explain the resolution requested.
5. Attach supporting evidence.

Required documents: Student ID, Relevant records/evidence

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Student Grievance Cell

Academic Regulations

Intent: academic_regulations

Question: Where can I find academic regulations?

Answer: Students should consult the university's approved academic regulations and student handbook for rules covering academic progression, attendance, examinations, courses, and related requirements.

Steps:

1. Open the approved academic regulations/student handbook.
2. Find the section relevant to your issue.
3. Check the latest applicable notice if a deadline or procedure is involved.
4. Contact the relevant department if clarification is required.

Required documents: Student program/semester information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department / Examination Office

Intent: academic_progression

Question: What academic rules affect progression?

Answer: Academic progression is governed by the university's approved curriculum, examination, attendance, credit, and academic regulations. Students should check the rules applicable to their program and semester.

Steps:

1. Review your program requirements.
2. Check completed and pending courses/credits.
3. Confirm attendance and examination eligibility.

4. Consult the academic department for program-specific progression questions.

Required documents: Academic record, Attendance/examination information

Fees: Program-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Intent: credits

Question: How do credits relate to my program?

Answer: Students must complete the credits and courses required by their approved program curriculum. The exact credit structure is program-specific.

Steps:

1. Review the approved curriculum.
2. Track completed credits.
3. Register for required courses.
4. Complete all program requirements.

Required documents: Degree curriculum, Academic record

Fees: Program-specific

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Student Conduct

Intent: conduct_rules

Question: Where can I find student conduct rules?

Answer: Student conduct requirements are governed by the university's applicable student handbook and conduct rules.

Steps:

1. Review the student handbook/conduct rules.
2. Follow campus and academic expectations.
3. Contact the relevant office if you need clarification about a conduct requirement.

Required documents: Student handbook

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant university office

Intent: disciplinary_issue

Question: What happens if there is a disciplinary issue?

Answer: Disciplinary matters are handled according to applicable university conduct and disciplinary procedures. Students should follow official instructions and provide information requested during the process.

Steps:

1. Read the notice or instruction received.
2. Understand the stated issue.
3. Respond through the official process within the required period if applicable.
4. Follow the decision or further instructions.

Required documents: Student ID, Relevant notice/documents

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant university disciplinary authority

Intent: campus_conduct

Question: What conduct is expected from students?

Answer: Students are expected to follow university rules, respect academic and residential environments, comply with applicable safety requirements, and behave appropriately toward other students, staff, and university property.

Steps:

1. Follow university rules.
2. Respect people and property.
3. Follow academic and residential requirements.
4. Report serious concerns through appropriate channels.

Required documents: Student handbook

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant university office

FAQs

Intent: office_routing

Question: Which office should I contact for different problems?

Answer: The university routes common student issues as follows: Admission/transfer to the Admission Office; fees to the Accounts Office; exams/results to the Examination Office; scholarships/welfare to the Student Welfare Office; hostel to Hostel Administration; library to Library Administration; placements/internships to the Career and Placement Cell; IT problems to IT Support; and formal grievances to the Student Grievance Cell.

Steps:

1. Identify the topic of your question.
2. Use the corresponding office.
3. Provide your student/course details when requested.
4. Keep any acknowledgement or request reference.

Required documents: Student ID, Relevant supporting information

Fees: Depends on service

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant office listed above

Intent: unknown_information

Question: What is the university's official phone number?

Answer: I could not find an official phone number in the approved CampusAI knowledge base. I should not invent a phone number. Please use the relevant university office's official channel.

Steps:

1. Identify the office related to your request.
2. Use the official university channel for that office.

Required documents: Your student details if needed

Fees: Not available in approved knowledge base

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant university office

Intent: unknown_address

Question: What is the university's official address?

Answer: I could not find the official university address in the approved CampusAI knowledge base. I should not guess or invent an address.

Steps:

1. Use the university's official information channel.
2. Verify the address from an approved university source before using it.

Required documents:

Fees: Not available in approved knowledge base

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: University official information channel

Intent: chatbot_scope

Question: What can CampusAI help me with?

Answer: CampusAI can answer questions covered by the approved Indus State University knowledge base, including admissions, transfer, fees, scholarships, examinations, results, attendance, academic calendar, courses, departments, hostel, library, placements, internships, IT support, student services, grievances, academic regulations, student conduct, and FAQs.

Steps:

1. Ask a specific question.
2. Include your program or semester when relevant.
3. For information outside the knowledge base, use the appropriate university office.

Required documents: Student ID only when relevant

Fees: Not applicable

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant university office when information is unavailable

Admissions

Intent: admission_process

Question: Can you explain how do I apply for admission?

Answer: Students should complete the university admission application through the designated admission process. The process normally includes creating an application, entering personal and academic information, uploading required documents, reviewing the application, submitting it, completing document verification, and paying applicable admission charges. Admission is subject to applicable eligibility requirements, document verification, and seat availability.

Steps:

1. Complete the admission application.
2. Enter personal and academic information.
3. Upload required documents.
4. Review and submit the application.
5. Complete document verification.
6. Pay applicable admission charges.
7. Follow instructions for final registration.

Required documents: Academic marksheets, Identity proof, Recent photographs, Other documents requested by the Admission Office

Fees: INR 5,000 one-time admission registration fee

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_process

Question: Please tell me how do I apply for admission?

Answer: Students should complete the university admission application through the designated admission process. The process normally includes creating an application, entering personal and academic information, uploading required documents, reviewing the application, submitting it, completing document verification, and paying applicable admission charges. Admission is subject to applicable eligibility requirements, document verification, and seat availability.

Steps:

1. Complete the admission application.
2. Enter personal and academic information.
3. Upload required documents.
4. Review and submit the application.
5. Complete document verification.
6. Pay applicable admission charges.
7. Follow instructions for final registration.

Required documents: Academic marksheets, Identity proof, Recent photographs, Other documents requested by the Admission Office

Fees: INR 5,000 one-time admission registration fee

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Fees: INR 5,000 one-time admission registration fee

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_documents

Question: Can you explain what documents are required for admission?

Answer: Applicants should provide the academic and identity documents requested during the admission process. The exact document list may depend on the program and the university's verification requirements.

Steps:

1. Prepare academic records.
2. Prepare identity proof and photographs.
3. Upload or submit the requested documents.
4. Keep original documents available for verification.

Required documents: Academic marksheets, Identity proof, Recent photographs, Program-specific documents if requested

Fees: Applicable admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_documents

Question: Please tell me what documents are required for admission?

Answer: Applicants should provide the academic and identity documents requested during the admission process. The exact document list may depend on the program and the university's verification requirements.

Steps:

1. Prepare academic records.
2. Prepare identity proof and photographs.
3. Upload or submit the requested documents.

Responsible office: Admission Office

Intent: admission_verification

Question: Can you explain what happens after I submit my admission application?

Answer: After submission, the university reviews the application and verifies the submitted information and documents. The applicant may need to respond to a verification request before final registration.

Steps:

1. Submit the application.
2. Wait for document/application verification.
3. Provide clarification or additional documents if requested.
4. Complete payment and final registration instructions when approved.

Required documents: Submitted application details, Original/supporting documents if requested

Fees: Depends on applicable admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: admission_verification

Question: Please tell me what happens after I submit my admission application?

Answer: After submission, the university reviews the application and verifies the submitted information and documents. The applicant may need to respond to a verification request before final registration.

Steps:

1. Submit the application.
2. Wait for document/application verification.
3. Provide clarification or additional documents if requested.
4. Complete payment and final registration instructions when approved.

Transfer & Migration

Intent: transfer_process

Question: Can you explain how do I apply for transfer admission?

Answer: Transfer applicants should complete the transfer application, submit previous academic records and required transfer documents, pay applicable charges, complete verification, and undergo academic credit evaluation. Admission is also subject to seat availability and applicable eligibility rules.

Steps:

1. Complete the transfer application.
2. Submit previous academic records.

3. Submit transfer documents.
4. Pay applicable charges.
5. Complete document verification.
6. Allow the relevant department to evaluate course equivalence.
7. Wait for the admission decision.

Required documents: Previous marksheets, Transfer Certificate, Migration Certificate where applicable, Identity proof, Photographs

Fees: Applicable transfer/admission charges

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Admission Office

Intent: transfer_process

Question: Please tell me how do I apply for transfer admission?

Answer: Transfer applicants should complete the transfer application, submit previous academic records and required transfer documents, pay applicable charges, complete verification, and undergo academic credit evaluation. Admission is also subject to seat availability and applicable eligibility rules.

Steps:

1. Complete the transfer application.
2. Submit previous academic records.
3. Submit transfer documents.
4. Pay applicable charges.
5. Complete document verification.

Answer: The demo academic calendar places odd-semester examinations from December 5–20 and even-semester examinations from May 5–20.

Steps:

1. Check the applicable semester.
2. Review the official examination notice for the detailed schedule.
3. Complete registration before the stated deadline.

Required documents: Student academic information

Fees: Odd semester: December 5–20; Even semester: May 5–20

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_schedule

Question: Could you guide me about when are semester examinations?

Answer: The demo academic calendar places odd-semester examinations from December 5–20 and even-semester examinations from May 5–20.

Steps:

1. Check the applicable semester.
2. Review the official examination notice for the detailed schedule.
3. Complete registration before the stated deadline.

Required documents: Student academic information

Fees: Odd semester: December 5–20; Even semester: May 5–20

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_rules

Question: Can you explain where can I find examination rules?

Answer: Students should consult the approved examination rules and notices issued by the Examination Office. Requirements such as attendance and registration must be satisfied before the examination.

Steps:

1. Review examination rules.
2. Check eligibility.
3. Complete registration.
4. Follow examination instructions.

Required documents: Student/examination information

Fees: As specified in applicable examination rules

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Intent: exam_rules

Question: Please tell me where can I find examination rules?

Answer: Students should consult the approved examination rules and notices issued by the Examination Office. Requirements such as attendance and registration must be satisfied before the examination.

Steps:

1. Review examination rules.
2. Check eligibility.
3. Complete registration.
4. Follow examination instructions.

Required documents: Student/examination information

Fees: As specified in applicable examination rules

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Examination Office

Responsible office: Computer Science and Engineering Department

Intent: course_registration

Question: Can you explain how do I register for courses?

Answer: Students should follow the university's course-registration process during the applicable registration window and select courses according to their approved curriculum and academic requirements.

Steps:

1. Check the academic calendar.
2. Review the curriculum and eligible courses.
3. Complete course registration.
4. Confirm the registered course list.

Required documents: Student credentials, Approved curriculum information

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department

Intent: course_registration

Question: Please tell me how do I register for courses?

Answer: Students should follow the university's course-registration process during the applicable registration window and select courses according to their approved curriculum and academic requirements.

Steps:

1. Check the academic calendar.
2. Review the curriculum and eligible courses.
3. Complete course registration.
4. Confirm the registered course list.

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department / Student Grievance Cell

Intent: academic_grievance

Question: Please tell me how do I complain about an academic issue?

Answer: Academic complaints should be raised through the appropriate academic department or the Student Grievance Cell when a formal grievance is required.

Steps:

1. First identify the academic issue.
2. Contact the relevant department when appropriate.
3. Provide supporting academic records.
4. Escalate through the Student Grievance Cell if the issue requires formal grievance handling.

Required documents: Student ID, Course/academic details, Supporting records

Fees: Not specified

Deadline: Only the approved academic-calendar or official notice dates should be used; no additional deadline is specified for this intent.

Responsible office: Relevant academic department / Student Grievance Cell

Intent: academic_grievance

Question: I need detailed information about how do I complain about an academic issue?

Answer: Academic complaints should be raised through the appropriate academic department or the Student Grievance Cell when a formal grievance is required.

Steps:

1. First identify the academic issue.
2. Contact the relevant department when appropriate.
3. Provide supporting academic records.
4. Escalate through the Student Grievance Cell if the issue requires formal grievance handling.
